

# SCIENTIFIC AND GENERAL INFORMATION

## Under the Auspices of

Università degli Studi di Udine

GITMO Gruppo Trapianto di Midollo Osseo Cellule staminali emopoietiche e  
terapia cellulare - ONLUS

SIE Società Italiana di Ematologia

## Call for Abstract

Participants are invited to send by **August 29, 2012** to the Scientific Secretariat an abstract of maximum 350 words regarding a clinical case of HAPLOIDENTICAL STEM CELL TRANSPLANTATION. The 3 most interesting abstracts will be chosen by the Scientific Committee and the authors will present and discuss the cases on Thursday, October 4, 2012. Travel grants will be provided to the 3 best abstracts submitted for the meeting.

## Italian CME

The Italian Ministry of Health allows **9 CME credits** for physicians (hematology, transfusion medicine, pediatrics and infective diseases medicine) and nurses.

## Registration

Registration is free.

At the end of the meeting participants will receive an attendance certificate.

## Official Language

The meeting will be in English.

## Meeting Venue

Aula Magna Kolbe

Udine University

P.le Kolbe, 4

33100 Udine

# BIOLOGICAL RATIONAL AND CLINICAL EXPERIENCES IN HAPLOIDENTICAL STEM CELL TRANSPLANTATION

Giambattista Tiepolo, Palazzo Arcivescovile, Udine

## Udine, October 4-5, 2012

## Aula Magna Kolbe, Udine University

## Thursday, October 4, 2012

### 3.30 - 6.30 pm

Chairmen: A. Bosi - Firenze, A. Rambaldi - Bergamo

- Introduction  
*R. Fanin - Udine*
- **Opening lecture:**  
High-dose cyclophosphamide in the prevention of acute GvHD  
*L. Luznik - Baltimore, USA*
- The biological rationale of T-cell anergy mediated by cyclophosphamide and animals models  
*M. Medeat - Baltimore, USA*
- 3 selected clinical cases of haploidentical transplants

## Friday, October 5, 2012

### 8.30 - 10.30 am

#### I session: T cell depleted transplants

Chairmen: P. Corradini - Milano, R. Fanin - Udine

- NK cell alloreactivity  
*L. Ruggeri - Perugia*
- Clinical results of CD 34 positive selected transplants  
*M. Martelli - Perugia*
- In vivo T cell depletion with alemtuzumab in RIC transplants  
*P. Corradini - Milano*
- Haploidentical transplants in children  
*M. Zecca - Pavia*

10.30 - 11.00 am *Coffee break*

### 11.00 am - 1.00 pm

#### II session: Unmanipulated transplants

Chairmen: W. Arcese - Roma, D. Russo - Brescia

- HLA-based chimerism monitoring in haploidentical transplant  
*K. Fleischhauer - Milano*
- Clinical results of rapamycin-based transplants and comparison with T-depleted transplants  
*F. Ciceri - Milano*
- BM G-CSF primed transplants  
*P. Di Bartolomeo - Pescara*
- Myeloablative conditioning and haploidentical marrow transplants with post transplant cyclophosphamide  
*A. Bacigalupo - Genova*

1.00 - 2.30 pm *Lunch*

### 2.30 - 4.30 pm

#### III session: physicians and nurses joined session: management of complications in haploidentical transplants

Chairmen: F. Ciceri - Milano, F. Patriarca - Udine

- Nursing of patients with acute GvHD  
*D. Basile - Milano*
- Prevention of nausea and emesis and nutritional assessment after high-dose chemotherapy  
*C. Nin - Udine*
- Hemorrhagic cystitis: clinical picture and therapeutic options  
*S. Cesaro - Verona*
- Mycotic infections: pharmacokinetic issues and drug interactions during antifungal therapy  
*F. Pea - Udine*
